*"Alisa is a wonderful facilitator and her genuine joy in Global learning, and supporting teachers and leaders to continue developing in this space, is both obvious and contagious. I feel very fortunate to have learned from, and worked with her, in a Middle Leadership program that was a joint project between QCEC and QELI. She is a font of knowledge and she assisted me in finding practical and manageable ways to build capacity in our students in their journey to becoming Global citizens. Alisa helps remind educators of the personal and practical connections, between both ideas and community, that underpin our curriculum and pedagogy. This is more important now than ever before."*

*(Romany, Curriculum Leader - Brigidine College Indooroopilly)*

*"Alisa is an excellent presenter. Her knowledge and passion for global learning shine through in her engaging presentations and the challenge she invites of her participants. I have had the fortune to draw on Alisa's skills on more than one occasion and value immensely the knowledge shared and the mentorship she has offered me in this field."*

*(Luke, St Patrick's College Shorncliffe)*
