

INTRODUCTION TO DESIGN THINKING MASTERCLASS 2022

PROGRAM OVERVIEW

QELi in partnership with the Ed Institute are pleased to offer the Introduction to Design Thinking Masterclass. Design thinking is an innovative and creative way to solve complex problems in the educational environment. Irrespective of whether you are a classroom teacher, a school leader or system manager - understanding principles around human centred design will prepare you to embrace and then strategically navigate your way through complexity. Developing these skills will allow you to innovate solutions in your context by designing new ideas with the people that a problem is directly impacting. By using the tools of human centred design you will be equipped to understand your educational environment through lenses of positivity and purpose, whilst also being prepared to inspire your colleagues and students to create their own solutions for challenges relevant to them.

Registrations close: 29 August 2022

\$520 + GST = \$572.00

Register via: <https://qeli.qld.edu.au/introduction-to-design-thinking-masterclass/>

Venue: ACU Leadership Centre Brisbane, QLD

PROGRAM OBJECTIVES

The Introduction to Design Thinking Masterclass will enable you to:

- ▶ Explore the way systems work together (Leadership skill: Systems thinking)
- ▶ Approach people and their opportunities through empathy (Leadership skill: Empathetic Design)
- ▶ Ideate possibilities for solutions with purpose (Leadership skill: Design Thinking)
- ▶ Create meaningful changes that are sustainable and relevant (Leadership skill: Future forecasting)

PROGRAM FEATURES

- ▶ One-day face-to-face highly practical and stimulating workshop
- ▶ Be prepared with the latest insights and research
- ▶ Interaction with fellow participants to workshop and connect around innovative ideas

YOUR FACILITATOR

Ian is one of Australia's leading experts on the use of human centered design and student led innovation in the educational realm. In his ten years as an executive teacher he worked in a range of roles including student engagement, technology and policy development. He was nominated for the ACT school leader of the year in 2018 and led educational interventions that received an ACT violence prevention award and an order of Australia recognition. He was a Professional Associate at The University of Canberra and is finishing his Doctorate with a focus on the use of design thinking in the educational setting. Prior to his work as a teacher, Ian worked in TV and Cinema with his production featuring at festivals such as TropFest, Palm Springs, and the Berlin film festival.

ABOUT QELi

QELi is an innovative not-for-profit institute committed to delivering excellence in leadership by supporting education leaders from government and non-government sectors, across Australia and internationally, to establish a strong vision, improve student outcomes and lead change in their school context and wider school communities. We support educators at every level – from teachers to principals and system leaders – and corporate services and school support staff to develop leadership capabilities, maximise their potential and reach their leadership goals.

WHO SHOULD ATTEND?

All educators, school leaders and system innovators

PROGRAM STRUCTURE

WELCOME EMAIL & PROGRAM PREPARATION
Week of 29 August 2022

ONE-DAY WORKSHOP
12 September 2022, 8.15am to 4pm

Participants will attend a one-day face-to-face workshop that will be practical in nature and prepare them with basic human centred design lenses to take back to their own school setting. The course will have a solutions focused approach with the goal of inspiring educators to tackle complex problems within their own setting
